

STARANDDAISY HAS BEEN AWARDED WITH PRESTIGIOUS

KIDS SCOOTER

StarAndDaisy Zippy Riders 3 Wheel Kids Scooters are super fun for kids especially when playing outside. Kick Scooter supports children in exercising and practicing balance. This kick-on On Scooter design comes with handlebar adjustments. The child can enjoy their scooter for longer by adjusting the four adjustable heights of the aluminum alloy T-bar.

The three-wheeled kid's scooter has an extra wide deck with non-slip features that make it more comfortable and stable. It is strong enough to support up to 30 kg weight and its special PU high-rebound wheels allow it to glide silently, smoothly, and steadily.

⚠️ WARNING

The scooter is designed for one kid at a time only. Never leave the scooter with your child in it on an inclined surface. Do not use the scooter if any screws, nuts, pins, etc., are missing, or if parts are damaged. Before assembly, make sure the product and all of its components are in good operating condition. Accessories that are not approved by the manufacturer shall not be used. Do not push the scooter down the stairs.

Smart Gravity Steering

Exercise balance control by adjusting to kids' gravity, effectively enhancing their balance.

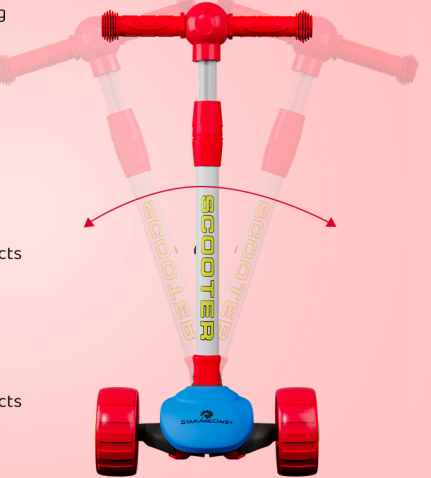

Automatically Realigns, Tilts, and Steers upon Handle pressure for turning.

Gravity Deflects to the left

Gravity Deflects to the Right

4 Adjustable Heights

Adjust the scooter pole up and down according to your baby's height

- 80cm
- 75cm
- 70cm
- 65cm

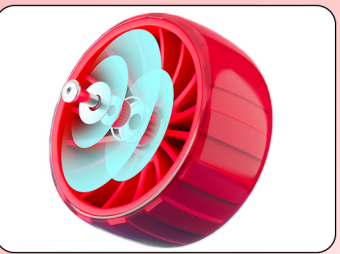

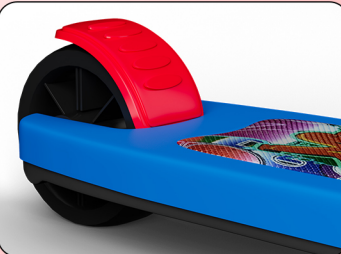

Glowing Adventure Wheels

A children's scooter adorned with magnetic, glowing, colorful lights integrated into the wheels. This combination of visual and auditory delights creates a captivating and vibrant riding experience for kids.

Foot Power Brake

A scooter for children equipped with a foot-powered brake mechanism, allowing riders to slow down or stop by pressing their foot against the brake for added safety and control.

Widened and Enlarged PU Wheels

The scooter's PU wheels are wear-resistant, quiet, and have strong grip, reducing the bumpy feeling on rough roads.

Super Strong Foot Pad

Featuring a dual-layer thickened design, the kids' scooter features a super-strong footpad, providing a durable and stable platform for young riders to confidently propel themselves forward.
